

立式撒粉烘干一体机

Vertical powder spreading and drying integrated machine

■ 机器参数 / Machine parameters

收放介质宽度 Width of the storage and retrieval medium	0-600MM	适用介质 Applicable Medium	布料 尼龙 化纤 面布 皮革 泳布 PVCEVA等 Fabric, nylon, synthetic fabric, leather, swim fabric, PVC, EVA, etc
功能项目 Functional projects	智能控制面板(抖粉控制, 微粉控制,前加热板加热 控制)独立隧道加热控制 机械结构撒粉装置 Intelligent control panel (shaking powder control, micro powder control, front heating plate heating control) independent tunnel heating control mechanical structure powder removal device	加热功能 Heating function	红外碳纤维加热管 Infrared carbon fiber heating tube
烘干隧道长度 Drying tunnel length	900MM	收卷功能 Roll up function	白动感应收卷 White motion induction winding
电压 Voltage	110V/220V	电气参考 Electrical reference	额定电流16A 额定功率4KW Rated current 16A rated power 4KW
机器尺寸 Machine size	820*900*990MM	包装尺寸 Package size	850*930*1120MM
净重 Net weight	70KG	毛重 Gross weight	85KG
